Angela Carmichael Smith

Angela has spent more than 30 years caring for others as a Medical Surgical/ Whole Health Holistic Nurse and the same number of years training and teaching within the Martial Arts World. She has taken her passion for whole-life wellness and whole-body fitness and created Fabulous-Fit-Fierce (F3), a Women's Fitness Self-Defense program, designed to sharpen the mind, tone the body, and bring about a sense of wellness and wellbeing. F3 empowers Women with the knowledge and skills needed to be mindfully aware, physically energized, and personally motivated.

In this ever-demanding world, where the pace of life seems to accelerate with each passing day, the importance of addressing the needs of oneself has never been more critical. Angela emphasizes the interplay of self-care, self-protection, and self-resilience in that they form a triad of empowerment that can significantly enhance one's ability to thrive amidst challenges. These three concepts, while distinct, are interconnected and lay the groundwork for a balanced and empowered lifestyle. In saying that, the importance of mindful personal safety and physical fitness, as it relates to empowerment, cannot be overstated

Triad of Empowerment

Fabulous-Fit-Fierce (F3) Women's Fitness Self-Defense

F3 responds to this need by offering engaging experiences that combine the concepts inherent within Self-Care, Self-Protection, and Self-Resilience with the benefits of Physical Exercise and the Practical Skills needed to protect oneself. Angela has found that this approach not only enhances physical ability and agility but also boosts confidence and mental resilience. Angela's main motivation for developing and offering her F3 program stems from her desire to help individuals live a lifestyle that works for them and not against them.

Why should you consider Investing in F3's Triad of Empowerment?

Self-Care:

Self-Protection:

Self-Resilience:

Incorporating Fitness & Self-protection into Daily Life

The Interconnection of Self-Care, Self-Protection, and Self-Resilience!

Self-protection, whether it is mental, emotional, physical, spiritual, or environmental, plays a crucial role in this dynamic by safeguarding one's well-being, thus allowing one to focus on self-care and self-resilience building.

Angela believes that Integrating fitness self-protection into one's daily routine is both possible and easy. She incorporates this education, exploration, and mindfulness into all F3 activities thus helping others to establish an ongoing fitness routine that can help ensure long-term lifestyle benefits and reinforces the confidence needed to respond effectively in real-life situations, self-care practices and long-term self-resilience.

I Because it is important to participate in activities that foster a supportive and inclusive environment, we boast about our positive training atmosphere that encourages each individual to challenge themselves while respecting personal boundaries. Angela prioritizes safety, provides constructive feedback, and offers invaluable resources that sets the stage for such personal growth and skill development.

Why F3 is for the Everyday Women

Selecting an appropriate fitness or self-protection program is crucial for maximizing benefit. Several factors should be considered when choosing a program, including personal goals, fitness level, and preferred training style

F3 Programs and Session are unique in that they not only Incorporate martial foundational movements with a focus on safety, basic self-protection techniques, and foundational movement patterns but are also designed around the way Women Think and Move.

3. Aligning with Abundance: Shift your mindset from scarcity to abundance. Marketing is about sharing your gifts and creating value for others. Embrace the abundance mindset, knowing that there's enough success to go around for everyone.

“focus on nurturing relationships for sustainable growth”

Recognize that marketing success often thrives on partnerships and community. Engage with other entrepreneurs, influencers, and industry experts to foster meaningful connections and expand your network. Collaborative projects, joint ventures, and co-marketing efforts can amplify your reach and enhance your brand's visibility. Embrace the spirit of reciprocity and mutual support within your professional circles. Leverage the power of networks to co-create value and build a community-driven approach to marketing.

Nurturing Relationships for Sustainable Growth

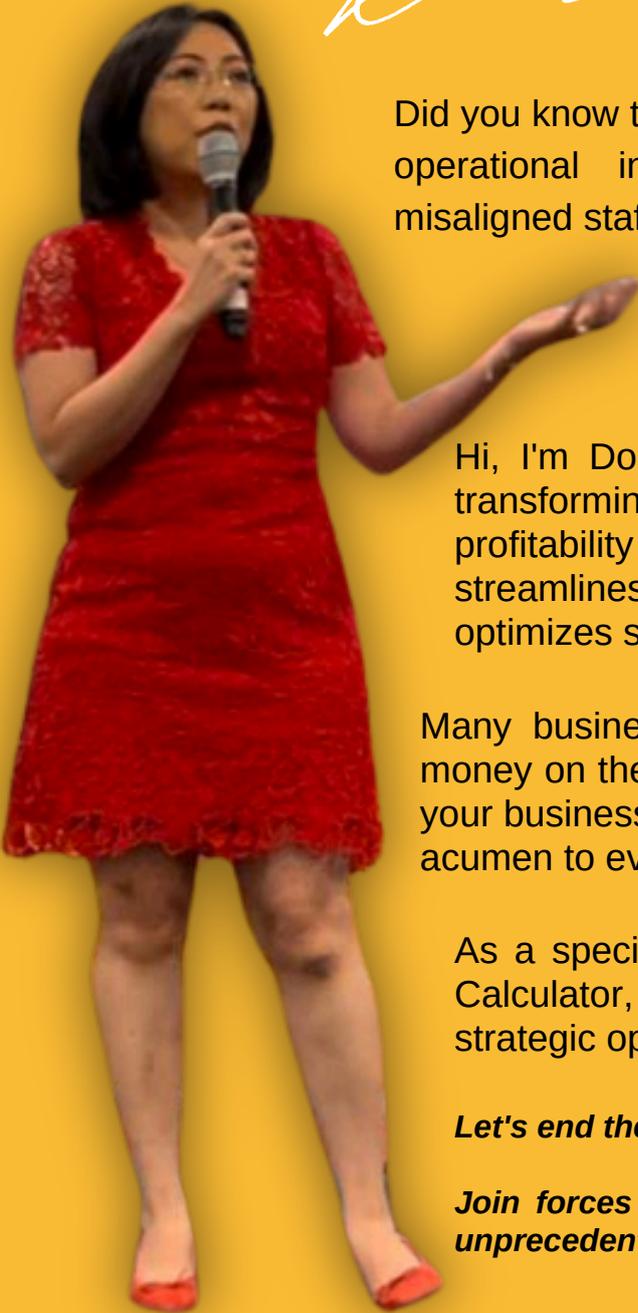

Shift your attention from transactional interactions to building genuine connections with your audience. Invest in customer relationship management (CRM) systems to track interactions and personalize communication. Engage in active listening and respond empathetically to customer feedback. By prioritizing relationship-building, you cultivate loyalty and advocacy among your customer base, fostering long-term growth and success for your brand.
